Support and Services:

Geely Smart Car provides technical support and services to ensure a quality user experience. Our services include:

24/7 customer service: Our team is available 24/7 to answer questions and provide assistance.

Software updates: We regularly release software updates to keep your car running smoothly.

Hardware repairs: Our technicians are certified to repair all Geely Smart Car hardware.

Remote diagnostics: Our team can diagnose and resolve issues remotely, without having to come to your location.

Packing and Shipping:

Packaging and Shipping for Geely Smart Car

Geely Smart Car packages are designed to protect the car from damage during transport. The package is made of strong cardboard pieces that are held together with adhesive tape. The car is placed in the centre of the package and surrounded by foam. The package is then sealed with an additional layer of adhesive tape to ensure that the car remains secure during transport.

Geely Smart Car is shipped by a trusted and reliable shipping company. The car is placed on a pallet and securely strapped down to ensure that it remains in place during transport. The pallet is then loaded onto a truck or train and transported to the desired destination.
